

Client Story

March 2023

Kamryn and Kyara Lambert

Kamryn and Kyara Lambert are lifelong clients of the Home Service Program! Now 21 years old, Kamryn and Kyara have been enrolled in our program since infancy. Their Elks Nurse Dianna McCord has been by their side from childhood and into adulthood as they have worked together through their evolving needs and goals. Kamryn and Kyara's current favorite activities include eating out, attending concerts and shows, shopping, camps, and swimming.

Kamryn and Kyara's mother Kym recently wrote:

"Dianna is full of information that is so helpful. She is well known in the community and is always willing to step up and help whether it be just providing resources, advocating in person at court hearings, or just home visits to see how she can help."
